

E342 Zero Stick Mold Release

Stoner E342 Zero Stick Paintable Mold Release, is a unique, extremely versatile release agent which is generally acceptable for applications where a food grade release is required. Zero Stick allows molded parts to be painted, plated, hot stamped, adhesive bonded, labeled, or otherwise decorated in most applications. Zero Stick applies a thin film anti stick coating, that is long lasting. Zero Stick improves molding efficiency in many processes including injection, vacuum forming, and pour cast molding.

Stoner E342 Zero Stick Mold Release Features & Benefits

- Saves time - lets parts release quickly and easily from molds
- Allows molded parts to be painted, hot stamped, or otherwise decorated
- Improves part appearance and reduces defects caused by sticking
- Formulated to provide high levels of user and environmental safety
- Contains no Class I or Class II Ozone Depleting Substances
- Contains no chlorofluorocarbon (CFC) or hydrochlorofluorocarbon (HCFC) propellants
- Contains no chlorinated solvents such as 1, 1, 1 trichloroethane, trichloroethylene, or methylene chloride
- UL Recognized

Specifications

Feature	Details
Can Net Weight	12 oz
Qty Per Case	12 Cans
Flammable	Yes
Food Grade	Yes
Product Type	Aerosol
Appearance	Clear Yellow
Solvent	Yes

Compliance

III* Hazardous Material
